kurdish Flag day!

Under the banner of unity, the British International Schools proudly marked Kurdish Flag Day , celebrating our cultural diversity and collective spirit.

PRIMARY STUDENTS' ACTIVITIES

Role playing with KG students

Play is our brain's favourite way of learning as curiosity is the basis of Education. Our KG students had the joy of role playing as a way to explore their interests and create new goals and fond memories for the future!

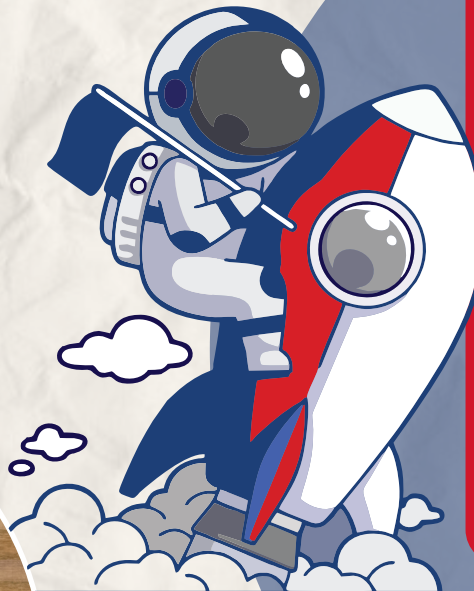

BISK Christmas tree

Magical moments unfold as BISK students gather around the Christmas tree in the heart of our school garden. Picture-perfect memories in the making!

Happy New Year!

As we step into a fresh year, let's continue our journey of learning, friendship, and shared accomplishments. Wishing the entire BISK community a Happy New Year filled with inspiration and academic.

second parent- teacher conferences

"When parents and teachers work together, children thrive." BISK hosts yet another successful orientation meeting with parents to celebrate students' achievement and plan the next step in their academic journey.

SECONDARY STUDENTS' ACTIVITIES

British council visit

Ben Lawton, Acting Country Director of British Council Iraq visits our school, reinforcing the strong partnership between British International Schools and the British Council.

**"Biology gives you a brain,
life turns it into a mind."**

Grade 9 students engaged in an authentic, hands-on experiment to relate what they have learnt in class to the real world.

INTERVIEW

What's your name?

My name is Pervez Baber.

Where were you born?

I was born in J&K, India.

Where did you grow up?

My upbringing took place in the Indian state of Jammu and Kashmir, renowned for its diverse culture, Mughal gardens, lakes, mountains, and unparalleled landscapes.

Of all the places you visited, which was your favourite?

I'm a travel enthusiast and have visited numerous nations in Southeast Asia, the Middle East, and Europe. I spent nearly ten years living in London. I adore London, the city is a fascinating and exciting destination to explore and live because of its distinctive blend of tradition and contemporary, which appeals to a variety of interests.

What are your goals and ambitions for BISK?

My goals while working with BISK are to create a supportive learning environment, encourage and motivate students to learn, effectively impart knowledge, support critical thinking and problem-solving abilities, foster creativity, support personal growth and development, and, in the end, assist students in achieving academic success and developing into well-rounded, future-ready individuals..

What motivates you to do this job?

The ability to positively impact students' lives, observe their growth and development, ignite a passion for a subject, or inspire a love of learning, contribute to society by influencing the next generation, build meaningful relationships with students, and have endless opportunities for both professional and personal development within the teaching profession are some of the things that often drive me..

What was your favourite thing to do growing up?

I've always been an excellent artist, even as a little child. I used to paint and draw in my spare time. I was able to win three gold medals in college contests thanks to this habit.

Was it hard for you to travel a lot as a child?

Spending time with my parents and siblings while traveling was wonderful for me. Holiday travel was always enjoyable, and the recollections of such times make me happy.

What advice would you give your younger self if you could go back in time?

The best advice from me to my younger self is to be kind in all you do, but do not disregard yourself and your needs in the process."

STUDENT CORNER

Mshal Fadhil
